Hello Cynthia,

Thank you for your email. Please note that at this time no water use or disposal is happening at the property.

We originally submitted our water licence renewal application on April 29, 2016 and then responded to a request to send the documents electronically May 12 prior to the license expiring. At that time, Northern Empire Resources was the licensee. Since then, 10 months ago, ownership has changed. In the past, when project ownership has changed, we have mailed/emailed the corresponding corporate documents but have not done so here because we were under the impression our application was being reviewed as we have paid the associated fees.

Are you available for a phone call tomorrow morning at 10AM your time?

Yours truly,

Olivia Brown, BSc (Hons.), BEd, ADGIS
