Hello Cynthia,

Please see the email below from Peter Scholz at NPC. Attached is the proof of transfer of ownership from Northern Empire to Montego Resources.

Yours truly,

Olivia Brown, BSc (Hons.), BEd, ADGIS

Hello Ms. Brown, it sounds like NWB is requesting:

1. confirmation of the legal transfer of the undertaking from Northern Empire Resources
2. request from Montego Resources to bring forward the renewal application materials and NPC and NIRB determinations filed with the Board to date

The first request would be held by your company, and the second would likely have been provided to you from Northern Empire upon the sale. IN the past, the NPC has not had to re-issue conformity determinations due to change of ownership.

**Subject:** Company Name Change

Hello NPC,

I apologize for emailing all of you. I am not certain who in your office to contact.

I am a consultant to Montego Resources, who run the Kiyuk Lake Project in the Kivalliq. It was formerly owned by Northern Empire Resources. In September, we received a conformity letter for NPC file #148351. We are currently trying to renew our water license for the Kiyuk Lake Project.

The ownership of the project changed since we submitted our renewal application (prior to the expiry date of June 10, 2016) however none of the intended goals or work on the property have changed. We received an email from Cynthia the Nunavut Water Board which included the following:

It is the NWB's understanding from your earlier email dated January 23, 2017 (in response to INAC's review question to the NWB) that the undertaking licenced under expired Licence 2BE-KLG1116 has now transferred ownership to Montego Resources and the submitted plans now reference Montego Resources as opposed to Northern Empire Resources. If this is the case, and Montego Resources will be the licensee for the undertaking going forward, the NWB requests that the Board receive confirmation of the legal transfer of the undertaking from Northern Empire Resources combined with a request from Montego Resources to bring forward the renewal application materials and NPC and NIRB determinations filed with the Board to date in association with expired Licence 2BE-KLG1116 to be considered as an application for a new licence in the name of the new owner.

I am writing to you as we need request that our NPC determination under be changed from Northern Empire Resources name to Montego's.

Yours truly,

Olivia Brown, BSc (Hons.), BEd, ADGIS
