Subject: 2BE-KLG1116 - Followup on required submissions

To: olivia@ooleepeeka.com, jpaterson@northernemp.ca

Good Morning,

1. Update the Demobilization Plan and the Spill Prevention and Response Plan (SPRP) to reference the Northern Empire Resources Corp.
2. Section 3.1 of the Spill Prevention and Response Plan (SPRP) refers to a fuel truck on site. Additional information should be provided to clarify if it can be utilized in the event of an onsite spill.
3. Update the Kiyuk Demobilization Plan submitted on October 12, 2016, to include responses to the following:
 - how fuel and hazardous materials will be removed from site; and
 - in 2015, fuel spills were noted and reported to the Enforcement Branch Environment Canada. Include a schedule and plan of when and how contaminated soils from spills 15-379 and 15-382 will be re mediated.
 - remove the discussion on salvage value
4. Update the Environmental Restoration Costs – Complete Removal of Kiyuk Camp, submitted by Northern Empire Resources on October 12, 2016
 - the revised restoration cost estimate should be revised to include the labor and equipment cost for the cat train, and for the contaminated soil remediation activities required.
