---

Good afternoon

Above noted project proposal was reviewed under an INAC file # N2011C0008 on March 3, 2011 and given a positive determination therefore doesn't require an NPC conformity determination. The terms to which the proponent agreed to under that review are to be included to any authorization issued (terms attached). The NWB application is being sent to the NIRB for screening.

Any questions concerns, please do not hesitate.

Brian Aglukark
