**Subject:** Meadowbank Project - Application for a Type B Water License for a New Exploration Camp  
**Follow Up Flag:** Follow up  
**Flag Status:** Completed

Mr. Dwyer:

Please find attached an application for a Type B Water License for a new exploration camp at the Meadowbank Project. This camp would replace the existing exploration camp covered by Water License 2BE-MEA0507 which will be overwhelmed by the proposed construction of the Meadowbank Mine facilities currently the subject of an application for a Type A Water License.

I will send the Spill Contingency Plan y separate email due to its size.

I will send hard copies of all these documents along with the \$30 application fee by Express Post later this week.

**Larry Connell, P.Eng.**
