RE: Commencement of Field Operations at Muskox Project Licence 2BE-MDP1520

Dear Mr. Kharatyan,

This letter is to notify the Nunavut Water Board ("NWB") that APEX Geoscience Ltd. and Crystal Exploration Inc. will be commencing field operations at the Muskox Diamond Project (the Project).

Mobilization of personnel and equipment to the Lupin Mine Camp is anticipated to commence October 3, 2017, with commencement of ground geophysics and drilling anticipated a few days later. It is expected that only one of the permitted targets will be drilled during this program. The target is located on Mining Lease L-3362 within IOL Parcel CO-06 at approximately 510000E/7277000 Nad83z12.

All operations conducted on the Project will adhere to conditions specified in the original and any associated amendments of NWB Licence 2BE-MDP1520 and the Kitikmeot Inuit Association ("KIA") Land Use Licence KTL315C011.

The program is expected to be completed by October 31, 2017.

Regards,

Tara Gunson, B.Sc., P.Geol
APEX Geoscience Ltd.
