**Re: Water Licence 2BE-MDP1520 Outstanding Water Use Fees**

Mr. Kharatyan,

Please accept this cheque for \$539.42 for outstanding water use fees for Water Licence 2BE-MDP1520.

I have also included the Water Fee Tool, which was used to calculate the amount owing, and the communication regarding the calculated amount between Robin Ikkutisluuk and myself.

Please do not hesitate to contact me if you have any questions or concerns or if you require any additional information.

Best Regards,

A handwritten signature in cursive script, reading "Tara Gunson".

I'm going to drive you crazy with questions! ☺

Can I just subtract the \$60 deposit from the outstanding amount owing for 2015 and 2016?

Thanks!

You are welcome to pay however much you want as long as the annual payments have been made, please note that during the processing of the applications we received \$60 in total for water use fee deposits.

Regards,

Robin

Thanks very much Robin,

I will get that submitted right away.

I am assuming we just need to submit the payment of \$599.42 for the 2015 and 2016 years and then submit the remaining \$299.30 when we submit the 2017 report right?

Tara

Hi Tara,

I've calculated the amount and the attachment provides you with the total amount of water use fees owing from 2015 to 2018. Please contact the office if you require clarification information.

Regards,

Robin

Hi Robin,

I am not sure if I can answer that very well.

We applied for 80m<sup>3</sup>/day water use for drilling (2 drills at 40m<sup>3</sup>/day each) from “numerous unnamed sources” that were yet to be identified, as we had not determined the locations of drillholes. We had stated that the drillhole locations would be confined to the Prospecting Permits, but they encompass both IOL and Crown Land.

We also applied for 2m<sup>3</sup>/day of water use at 3 locations for a mobile camp (all 3 locations on Crown Land).

We have not used any water yet as no camp has been set up and no drilling has been performed.

Sorry I am not sure if that helped at all!

Tara

Good Afternoon,

Thank you for your email, According to section 12 of the Nunavut Waters Regulations Act water use fees are required if your water source is on Crown Land or flowing through Crown Land. If your water source is in or flowing through Inuit Own Land your project does not require any fees. Could you please confirm water source location.

Thank You,

Robin

Hi Robin,

My apologies, we have not submitted our 2015 AN 2016 Annual reports for the MuskoX Diamond project (Licence 2BE-MDP1520)! I would like to get these completed and the fees paid as soon as possible, but I am having difficulty figuring out exactly how much is owing.

We did not use any water (or deposit any waste) for each of those years, but were permitted to use 82m<sup>3</sup>/day.

I downloaded the calculator from the public registry, but I am not entirely sure how to use it to calculate the amount owing for the time period since we received the Licence? I.e. the Licence was issued September 10, 2015. When is the cutoff for the calculation, March 31<sup>st</sup> of each year, when the fees are due or September 10<sup>th</sup> based on the Licence issue date, etc?

I.e. if the cutoff is March 31<sup>st</sup>, we would owe \$467.14 correct (\$299.30 for 1 full year + \$167.84 for the partial year)

Sorry, can you explain the system to me please and then I will get the annual reports and fees submitted asap.

Thanks very much,

Tara
