**Subject: Submitted 2007 Annual Report as per Part B, Item 5 of Licence 2BB-MEL0709**

Dear Mr. Balog,

The Nunavut Water Board (“NWB”) would like to acknowledge receipt on April 4, 2008 of the above Report submitted under Part B, Item 5 of Licence 2BB-MEL0709. After an internal technical review of the Annual Report, the document was found to generally meet the requirements set out in the Licence and is hereby accepted. Comments on the Report were submitted by Indian and Northern Affairs Canada (INAC) and should be reviewed by the Licensee. The review of the 2007 Annual Report identified the following issues;

1. The monthly and annual quantities in cubic metres of Minewater pumped from the underground was not reported. If no water was pumped then the Report should convey that information; and,
2. The Report did not contain a list of unauthorized discharges and follow-up action taken.

All future Annual Reports shall include the above information.

Should you have any further questions, please feel free to contact the undersigned at 867-360-6338 or by email: [dbridge@nunavutwaterboard.org](mailto:dbridge@nunavutwaterboard.org)

Yours truly,

Deon Bridge  
Technical Advisor
