**Subject: Licence No. 2BE-MLL1722 – Review of 2013 and 2016 Annual Reports for the  
Wisbone – Malley Property of the Back River Project**

---

Dear Mr. Keefe:

The Nunavut Water Board (NWB or Board) has completed its review of the 2013 and 2016 Annual Reports (Reports) submitted by Sabina Gold and Silver Corp., on September 19, 2016 and March 22, 2017, respectively, to fulfill relevant requirements in Licence No. 2BE-MLL1722 (Current Licence) and/or Licence No. 2BE-MLL1217 (Expired Licence) issued to the Wishbone-Malley Property of the Back River Project, an exploration project located approximately 120 kilometres south of Bathurst Inlet, in the Kitikmeot Region, Nunavut. The review determined that the Reports are generally complete and consistent with the reporting requirements under Part B, Item 2 of the Licence. The review notes that no on-site activities were conducted during the 2013 and 2016 field periods; therefore, there was no deposit of waste or use of waters those reporting periods.

Copies of the above-referenced Reports, which were distributed publicly by the Board for information purposes on September 19, 2016 and March 22, 2017, respectively, can be accessed through the NWB's Public Registry and FTP site using the following link:
