RE: Letter of Support for Western Atlas Resources

During the Baker Lake Hunters' and Trappers' Organization board of directors regular meeting on May 18, 2021, the board had discussed Western Atlas Resources project on their Proposed Camp Location Baker Lake – Block B – Target B1. They made a motion to support Western Atlas Resources in this as long:

- a) as a monitor is hired from Baker Lake to monitor the wildlife in the area being explored and the exploration team follow the Wildlife Monitor's direction in stopping the drilling when wildlife are close by.
- b) Also, the BLHTO board would like regular updates from Western Atlas on their activities from start to finish of their project.
- c) Western Atlas Resources conducts a public consultation meeting as soon as possible. For Baker Lake, the public health measures related to COVID-19 restrictions is that 100 people can meet in the community hall at one time.

If you have any questions or concerns, please contact our HTO office at 793-2520.

Thank you.

Sincerely,

Richard Aksawnee
BLHTO Chairperson
