Re: 2018 Water Use Fees for Water Licence 2BE-MPM1722

Mr. Dwyer,

A cheque for \$153.30 is being couriered to your office, on behalf of 5530 Nunavut Inc., a wholly owned subsidiary of Western Atlas Resources Inc., for the 2018 water use fees for Water Licence 2BE-MPM1722. The fee was calculated using the Water Fee Tool (attached) for the authorized amount of 42 m³/day.

The 2018 exploration program on the Meadowbank Precious Metal Project included a helicopter-borne, versatile time domain electromagnetic (VTEM) geophysical survey, ground induced polarization geophysical surveys, geological mapping, prospecting and rock geochemical sampling. As the 2018 program was based out of Baker Lake, no camp was constructed. There was no drilling completed on the property in 2018. No water was used, or waste produced during the 2018 program.

Please do not hesitate to contact me if you have any questions or concerns or if you require any additional information.

Best Regards,
