Dear Mrs. McCaie, Mr. Dwyer and Ms. Wilson,

This letter is to notify Indigenous and Northern Affairs Canada ("INAC") and the Nunavut Water Board ("NWB") that Western Atlas Resources will be commencing mineral exploration activities on the Meadowbank Project June 2, 2018.

Our 2018 exploration program will comprise geological mapping, prospecting, rock and till sampling, and an airborne VTEM geophysical survey over selected areas of the project. If there are any significant changes to our field work program we will notify you.

All operations will adhere to conditions specified in the INAC Land Use Permit ("LUP") Number N2017C0005, and the Nunavut Water Board Water ("NWB") Licence Number 2BE-MPM1722.

Regards,

Tom Pollock, P.Geo.
