RE: NWB Technical Review of 2017 Annual Report for the Mel Project; Water Licence No. 2BE-MPP1719

Dear Mr. MacMorran:

The Nunavut Water Board (NWB) has completed a technical review of the 2017 Annual Report submitted to the NWB on March 16, 2018. On March 16, 2018, the NWB acknowledged receipt of the Annual Report and provided it to the Qikiqtani distribution list for information. No comments have been received to date.

The technical review of the Annual Report found that the information generally addresses the requirements of the Licence.

The NWB notes that the Licensee has not provided all the submissions previously required by the Licence:

- Part H, Item 2:

The Licensee shall submit within thirty (30) days of issuance of the Licence, **an Addendum to the [Spill Contingency] Plan** referred to in Part H, Item 1

To date, the NWB has no record of receiving this information, which was due on July 1, 2017.

Should you have any questions, please feel free to contact me, Dave Baines, at (867) 360-6338 (extension 29), at your earliest convenience.

Sincerely,

Dave Baines
Nunavut Water Board,
Technical Advisor
