Subject: Anconia Resources end of program
Date: Wednesday, October 16, 2013 11:49:00 AM

Hello: this is to advise you that on the weekend, Anconia Resources ended their exploration program for the season. The drill was left in the field and a map indicating the location of the drill will be sent to you as soon as the geologist arrives back in Toronto. All work was conducted on Crown Land and no work was conducted on Inuit Owned Land.

If you have any questions or require any additional information, please do not hesitate to contact me.

Kind regards

Denise A Lockett for Anconia Resources
