Hi Phyllis,

Sorry, my e-mail of August 14th was not very well written, I had intended just to encourage Silvermet to send you the reports; not that I would send them to you. Due to file size, I limited my participation to providing them to Tracey McCaie/Lands Administration internally.

I have just received the final inspection from Baba Pedersen, however, I need to follow up with him to determine whether the remaining issues are of relevance to the water licence/Act or whether they are lands-specific. I then will issue a recommendation.

Best regards,

Eva Paul

Good morning:

In the event that you did not receive a copy of an application for cancellation it is attached for your convenience.

The file has been reviewed by the NWB and the following is required to fulfill the obligations under the terms and conditions

Water Use Fees are outstanding as per the attached information. No other terms and conditions of the licence are outstanding.

Eva - as per your email to Ian on August 14th please be advised that our office does not have the mentioned cleanup reports and would appreciate copies for our public registry.

Regards,

Phyllis Beaulieu- Δαττ >αττ
