Good afternoon Clayton:

Once the application is submitted, along with an admin fee of \$30.00 and a brief summary in English and Inuktitut, the NWB will send the file for review and comments. Most likely the Enforcement staff at AANDC will provide comments that a final inspection will be necessary before cancellation is finalized. We would also need to review the file to ensure that all reports and water use fees are up to date.

I trust this information helps.

Good Afternoon,

I would like this question to be clarified by Phyllis Beaulieu, the Manger of Licencing, NWB. I believe -which is my understanding- clearance or a final inspection letter is required from the Inspector before the file is reviewed for cancellation.

Please feel free to contact Justin Hack (cc'd) who is acting in Mr. Keim absence, if you have anymore questions.

Good morning Ms. McCaie,

I am currently in the process of completing the cancellation form for water Licence 2BE-MVP1217 and the form indicates that I should attach either an "Application for Certificate of Completion" or a "Certificate of Closure" and that I should discuss with AANDC regarding this provision.

Could you please advise on the steps required to obtain the Certificate?

For your reference, the most recent inspection was conducted on August 5th, 2012 by Andrew Keim and has a CDIM # 622596.

Sincere regards,

Clayton Pearson
