RE: Renewal of Water License 2BE-NAD0608

Dear Ms. Beaulieu

Commander Resources Ltd. (Commander) would like to request renewal of NWB License 2BE-NAD0608. This application is not requesting any changes, therefore, no changes from the previous water license conditions that Commander was required to comply with are being requested.

The following information is enclosed with this cover letter:

- 1) Water Licence Application Form
- 2) Map showing areas of work
- 3) Project Summary in English
- 4) Detailed Project Description
- 5) A cheque in the amount of \$300.00 to cover the annual administration (\$30/year) and water use fee (\$30.00/year) for the 2004 to 2008 period.

A project summary in Inuktitut will be provided as soon as it becomes available. The reclamation and fuel spill contingency plans have been submitted for completeness of the file.

Given that no changes are being requested a "Remote Site Form" is not being submitted. This was discussed with Ms. Dionne Filiatrault in late February, 2008, who indicated to me that this form would not be necessary given that Commander is not requesting any changes to the water license, only a renewal.

Regards,

Alan Sexton  
Project Manager  
Baffin Island Project
