**RE: NWB Technical Review of 2019 Annual Report for the Baffin Island Project; Water Licence No: 2BE-NAD1722**

---

Dear Mr. Cameron and Ms. Gunson:

The Nunavut Water Board (NWB) has completed its technical review of 2019 Annual Report (Report) submitted on July 7, 2020. The Report indicated that no water was used and no waste was produced in 2019.

On July 8, 2020, the NWB acknowledged receipt of the Report and made it available to the Qikiqtani distribution list for information. No comments have been received to date.

The technical review of the Report determined that the information provided generally addresses the requirements of the Water Licence.

Should you have any questions, please feel free to contact me, Sergey Kuflevskiy, at (867) 360-6338 (extension 29), at your earliest convenience.

Sincerely,

---

Sergey Kuflevskiy
