Re: Nanuq Project

The Nunavut Water Board received an application for a water license from Dunsmuir Ventures Ltd. for a remote exploration camp.

Notice of this application will be posted at local organizations in Baker Lake and Chesterfield Inlet.

The following documents are available through the internet on our ftp site at <ftp://ftp.nunavut.ca> in the folder "nwb" and sub-folder "NWB2NAN03":

- notice (in English and Inuktitut)
- application form
- Spill Response Plan (attached to application form)
- supplementary questionnaire
- maps
- project description/summary in English and Inuktitut

Take note that the NWB has also received technical submissions along with this application. Please review these documents as necessary and forward any comments to this office before the deadline indicated.

NWB2NAN has been reviewed by NPC for conformity with the appropriate land use plan, is currently being screened by NIRB, and can then be processed by NWB. Parties involved in NIRB's screening can send their comments directly to NIRB as per their instructions. For all other parties, the Nunavut Water Board is accepting written concerns and comments with regards to this project before **July 21, 2003**.

Sincerely,
