Subject: RE: Conformity Review for NWB2NAN0305 Amendment Application

Hi Phyllis,

The application was reviewed June 12/03 online and review not required.
The amendment and new coordinate conforms to KLUP.

Still awaiting conformity review for the above.
Original request - January 27, 2004
Second request - March 1, 2004
Please advise when we can expect your review or advise if it's not required
since there was one done in June of 2003. Thank you.
