**Re: 2BE-NAN1318 – Water Licence Assignment Application – Nanuq – Peregrine Diamonds Ltd.**

Applicant: Peregrine Diamonds Ltd.

Project: Nanuq

Region: Kivalliq

---

### **Background**

The Nanuq property is currently owned and operated by Peregrine Diamonds Limited, this assignment will make Peregrine Exploration Limited the assignee of the Nanuq property.

The Nanuq property is situated in the Kivalliq Region of Nunavut approximately 120km north of Chesterfield Inlet and 250km Northeast of Baker Lake. Water licence 2BE-NAN1318 associated to this property allows for the use of 60 m<sup>3</sup> of water per day as well as the deposit of waste. It will expire in June, 2018.

### **Recommendations/Comments**

AANDC has reviewed the assignment application and noticed that one of the items in the Nunavut Water Board checklist in box 8 is missing: A statement of assignee's capacity to implement the conditions of the water licence and a schedule for the implementation of all plans, manuals and reports.

We recommend that Peregrine Exploration Ltd. provide proof of their capacity to implement the conditions of the water licence.
