Subject: Licence No. 2BE-NAN1318 – Review of 2014, 2015 and 2016 Annual Reports

Dear Mr. Willis:

The Nunavut Water Board (NWB or Board) has completed the review of the 2014, 2015 and 2016 Annual Reports (Reports) submitted by Peregrine Diamonds Ltd., on December 16, 2014, July 23, 2015 and November 2, 2016, respectively. The Reports were submitted in order to satisfy relevant requirements under Licence 2BE-NAN1318 issued to allow for the use of water and deposit of waste in support of the Nanuq Project, an exploration project located approximately 120 km North of Chesterfield Inlet in the Kivalliq Region of Nunavut.

The review determined that the Reports are generally complete and consistent with the reporting requirements under Part B, Item 2 of the Licence.

In addition, the Reports state that with the exception of two weeks in mid July 2016 when partial camp demobilization was carried out, no on-site activities were conducted during the 2014, 2015 and 2016 field periods.

Copies of the Reports which were distributed to the public for information purposes are available at the NWB Public Registry using the following link:
