Greetings;

I am pleased to provide for you a routine update of the Nanuq Spill Plan for 2011. Changes relate to: (1) replacement of colour-coding with superscript numbers corresponding to revision numbers, (same system as now used for Peregrine's Chidliak Spill Plan); (2) addition of a List of Revisions – Addendum Page (p. 3); (3) routine programme update for 2011 (p. 5); (4) Nanuq Camp phone number for 2011 (p. 7); (5) updated MSDS inventory list (pp. 46-49).

Thank you for the opportunity to provide the attached. Please feel free to contact me, if questions.

Best regards;
