Dear Ms. Gregory:

On the express assumption that there are no changes to the project, which we had previously screened in 2001 under, file no 01CN099.

The Nunavut Impact Review Board (NIRB) proposes to not screen this project as the project description has not changed. Unless we hear from any parties to the contrary by October 21st in writing, NIRB proposes to allow the project to be screened as previously decided.

We are also assuming there are no future amendments.

If you have any questions regarding the screening process, please do not hesitate to contact our office.

Yours truly,

Gladys Joudrey
Environmental Assessment Officer
