Re: Application Acknowledgement and Additional Information Required for Indicator Minerals Inc.'s "Nanuq North Exploration" Project Proposal

Dear Andrea Maynes:

On March 4, 2009 the Nunavut Impact Review Board (NIRB or Board) received a positive conformity determination (Keewatin Regional Land Use Plan) from the Nunavut Planning Commission (NPC) for Indicator Minerals Inc.'s "Nanuq North Exploration" project proposal, NIRB file number **09EN011**. On March 6, 2009 NIRB also received a land use permit application from Indian and Northern Affairs Canada (INAC) in support of this project proposal. To date, all documents received by NIRB pertaining to this file include:

- *INAC Land Use Permit Application*
- *Non technical Project Proposal summary in English*
- *NPC Conformity Determination*
- *Spill Contingency Plan*
- *Environmental Procedures Plan*
- *Abandonment and Reclamation Plan*
- *Copies of maps showing area of interest*

The NIRB has undertaken a preliminary completeness check and finds that your project proposal does ***not*** contain sufficient information for the NIRB to conduct an environmental screening. Specifically, the NIRB is requesting submission of the following information by **March 23, 2009**:

- *NIRB Part 1 Summary Application Form in English*
- *NIRB Part 1 Summary Application Form in Inuktitut*
- *Detailed maps of general location and claims showing area of interests*
- *Non technical Project Proposal summary in Inuktitut*
- *NIRB Project Specific Information Requirements (Part 2 form)*

Please forward the requested information to NIRB's Manager of Environmental Administration, Leslie Payette, at lpayette@nirb.ca or via fax at **(867) 983-2594**.

If you have any questions or concerns, feel free to contact me at sgranchinho@nirb.ca or (867) 983-4607.
