Re: NIRB File No. 09EN011 – “Nanuq North” Project; Proposal to amend Land Use Permit N2009C0005 to include Remote Camp Operations

Dear Leslie,

On May 27th, 2009, INAC received a request from Indicator Minerals Inc. to amend Land Use Permit N2009C0005 to include remote camp operations. On June 3, 2009, the Nunavut Planning Commission issued a positive conformity for this request. Please find attached with this cover letter the following listed materials to accompany the modified documents already submitted to INAC with Indicator's request to amend the Land Use Permit:

- Non-technical summary for camp amendment in English
- Non-technical summary for camp amendment in Inuktitut
- NIRB Part 1 Summary Application Form in English, edited to screen remote camp operations
- NIRB Part 1 Summary Application Form in Inuktitut, edited to screen remote camp operations

Submitted to INAC along with the amendment request were the following:

- Amended Spill Contingency Plan to include camp operations
- Amended Abandonment and Restoration Plan to include camp operations
- Map of proposed camp location

As mentioned in previous communications, it is Indicator's intent to change the property name in the near future; please be advised you will be made aware of any name changes as soon as possible.

Indicator is aware that the screening process for this amendment commenced on June 12, 2009. Realizing this, the enclosed documents are therefore intended at this time to provide interested Parties and municipalities with as much information as possible.
