Re: Water License Application – NTI Exploration areas

Dear Ms. Beaulieu,

Please find enclosed three (3) copies of a completed application for a water license required for the IOL parcels subject to a mineral exploration agreement between Strongbow Resources and Nunavut Tunngavik Inc. Along with the enclosed application, please find a check for \$30.00 to cover the application fee. The application is complete with the exception of a translation of the Executive Summary into Inuktitut. A translation has been requested and shall be forwarded to the Water Board shortly.

If you require additional information or have any questions regarding the attached application, please do not hesitate to contact me at our Vancouver office (direct – 604-668-8354; nvr_karmstrong@telus.net).

Yours truly,
