Subject: 2BE-NTP---- New Application - Bayswater Uranium Corporation

An internal review of the above file constituted a request to the applicant to resubmit both the Spill Plan and Abandonment and Restoration Plan. Both have been received by this office and have been posted to our ftp site. All parties are requested to review these documents as part of the file. Anyone requiring additional time for the review, please advise and we can accommodate you. If no additional time is necessary the deadline for comments remains at February 8, 2008.
