Dear Ms. Muirhead;

The Nunavut Water Board ("NWB") would like to acknowledge receipt of the above document under Part F, Item 1 of Licence 2BE-NTP0810. The Uranium Exploration Plan was distributed upon receipt for review and comment to interested persons with a submission deadline of July 28, 2008.

The technical review of the Uranium Exploration Plan has been completed. Comments were made by INAC and EC and the Board recommends that those comments be reviewed and implemented. The Board has taken into consideration the information submitted and hereby accepts and approves the Uranium Exploration Plan under **Motion 2008-05-08**, dated **September 4, 2008**. The Nunavut Water Board requests that an Addendum be provided within 30 days of the issuance of this approval in order to address the following deficiency in the submitted plan:

1. Discussion on how drill holes will be capped after use.
2. Any issues and concerns highlighted by EC and INAC in their submitted comments.

Should you have any further questions, please feel free to contact me at (867) 360-6338, at your earliest convenience.

Yours truly,
