

NWB Annual Report

Year being reported:

2009

License No: 2BE-NUE0810

Issued Date: May 28, 2008

Expiry Date: June 30, 2010

Project Name: Nueltin Lake Exploration Project

Licensee: Cameco Corporation

Mailing Address:

2121 11th Street West
Saskatoon, Sk
S7M 1J3

Name of Company filing Annual Report (if different from Name of Licensee please clarify relationship between the two entities, if applicable):

General Background Information on the Project (*optional):

There was no drilling completed in 2009, water was only utilized for a small temporary geophysical camp located on Sandy Beach Lake at 60 06' 37.8"N, 99 59' 12.26"W

Licence Requirements: the licensee must provide the following information in accordance with

Part B

Item 2

A summary report of water use and waste disposal activities, including, but not limited to: methods of obtaining water; sewage and greywater management; drill waste management; solid and hazardous waste management.

Water Source(s):

Water was sourced from Sandy Beach Lake at 60 06' 36.67"N, 99 59' 12.16"W, See Fig 1.

Water Quantity:

10/day

Quantity Allowable Domestic (cu.m)

3/day

Actual Quantity Used Domestic (cu.m)

Quantity Allowable Drilling (cu.m)

Total Quantity Used Drilling (cu.m)

Waste Management and/or Disposal

☒ Solid Waste Disposal☒ Sewage☐ Drill Waste☒ Greywater☐ Hazardous☐ Other:

Additional Details:

Solid waste was removed to Nueltin Lake Lodge for disposal in landfill. Sewage and grey water was disposed of in a pit latrine >50m from the high water mark of the lake. Latrine was backfilled at the end of the program when the camp was removed.

A list of unauthorized discharges and a summary of follow-up actions taken.Spill No.: **NO REPORTS** (as reported to the Spill Hot-line)Date of Spill: Date of Notification to an Inspector:

Additional Details: (impacts to water, mitigation measures, short/long term monitoring, etc)

Revisions to the Spill Contingency Plan

N/A - not applicable

Additional Details:

Revisions to the Abandonment and Restoration Plan

N/A - not applicable

Additional Details:

Progressive Reclamation Work Undertaken

Additional Details (i.e., work completed and future works proposed)

All contents of the temporary camp were removed at the completion of the geophysical program. All garbage was removed to Nueltin Lake Lodge for disposal in landfill.
Pit latrine was backfilled at the completion of the program. No evidence of the camp remains.

Results of the Monitoring Program including:

The GPS Co-ordinates (in degrees, minutes and seconds of latitude and longitude) of each location where sources of water are utilized;

Details described below

Additional Details:

60 06' 36.67"N, 99 59' 12.16"W, location of water pump was on shore immediately adjacent to the camp set up. Refer to Figure 1

The GPS Co-ordinates (in degrees, minutes and seconds of latitude and longitude) of each location where wastes associated with the licence are deposited;

Details described below

Additional Details:

Pit latrine was located 50 m north-west of the camp on a sandy esker.

Results of any additional sampling and/or analysis that was requested by an Inspector

No additional sampling requested by an Inspector or the Board

No additional sampling requested by an Inspector or the Board

Additional Details: (date of request, analysis of results, data attached, etc)

Any other details on water use or waste disposal requested by the Board by November 1 of the year being reported.

No additional sampling requested by an Inspector or the Board

Additional Details: (Attached or provided below)

Any responses or follow-up actions on inspection/compliance reports

No inspection and/or compliance report issued by INAC

Additional Details: (Dates of Report, Follow-up by the Licensee)

Any additional comments or information for the Board to consider

Date Submitted:

January 5th, 2010
