Hi Phyllis;

The one I was referring to is not a renewal but a new one for Churchill Diamond Corporation (Pelly Bay Diamond Project). It is for an area that was worked by Diamonds North in the past (Amaruk project) which NIRB has referenced in their e-mail as 2BE-PEL0813 and was assigned to Diamonds North in 2008. NIRB actually referenced old KIA and AANDC permits in that correspondence while they were deciding to screen the project or not. At the end of the day it was decided that the project was to be exempt from screening as it basically mimics the old Diamonds North work program.

Can you check to see if you received a new one for Churchill Diamond Corporation recently and let me know its status?

Thanks. Graham Gill

Hi Graham, I'm sorry but we don't have an application on file for 2BE-PEL0813 renewal. Please advise when you sent it in. Thanks.

As per the attached correspondence from NIRB I was wondering if you could provide me with the status of our water licence application.

Thanks.
