Hi Graham,

I spoke with Eva Paul earlier today, the inspector for the project, and an AANDC final inspection for the previous licence 2BE-PEL0813 will occur on July 21st, 2015.

Yesterday, I also received an Application for Cancellation of Licence 2BE-PEL0813 from Adamera.

As such, unless Eva highlights any major concerns, we should be able to transition from the previous licence to your current application without further difficulty.

I will ensure that your application is sent out as soon as possible. To expedite the process, please submit the revised Spill Contingency Plan we talked about yesterday. Also, there is no signature on the application form. An application cannot be sent out for review unless it is signed by the proposed licensee.

Please contact me with any further questions you may have.

Regards
