Re: Land Use Permit # N2011C0014

Dear Tracey:

Northquest Ltd intends to continue exploration activities within lands covered by Land Use Permit #N2011C0014. Consequently, we request an extension of the permit.

Although most of the drilling and prospecting will occur within lands whose surface rights are held by the municipality of Whale Cove, additional drilling will also continue at Bazooka, which does fall within federal lands.

In 2013, additional claims were staked over federal lands west of Bazooka. I am attaching a claim map showing all claims and the location of the Bazooka target, as well as other targets within municipal lands. A new list of all claims that comprise the Pistol Bay claim group is also attached.

Sincerely,

Dwayne Car,
VP Exploration, Northquest Ltd
