Subject: De Beer Canada Inc. – Prince of Wales, Chartrand Lake, Devon Island Project – Renewal

Dear Mr. Qingnaqtuq:

The Nunavut Water Board (NWB) acknowledges receipt of your comments on the above application for renewal on December 4, 2007. Based on these concerns the NWB contacted the proponent and received the attached letter withdrawing the two fly camps. Please advise if this eliminates your concerns and whether or not you can now provide comments to approve the application. Your immediate response is appreciated.

Sincerely,

Original signed by:

Phyllis Beaulieu
