Subject: De Beer Canada Inc. - Prince of Wales, Chartrand Lake, Devon Island Project - Renewal

Dear Mr. Qingnaqtuq:

I have been contacted by representatives of DeBeers Canada Inc. and they are quite anxious to clear up the issue of fly camps as indicated in previous correspondence. They have also indicated the willingness to remove all flycamps from the application, if necessary to eliminate any concerns.

Please advise if you have had the opportunity to bring the changes to the members of your organization so that a water license renewal can be issued. Your prompt attention to this matter is appreciated.

Sincerely,

Original signed by:

Phyllis Beaulieu Manager of Licensing
