Dear Phyllis:

Please find enclosed an application for a water licence renewal for Diamonds North's Amaruk Project located approximately 50 kilometers south-southwest of Kugaaruk, Nunavut.

I have included the \$30 application fee, the \$30 water licence fee, the application form, the supplemental questionnaire, our Fuel Spill Contingency Plan, an Abandonment and Restoration Plan, a map and pictures showing our planned areas of operations and campsite location for your reference, MSDS sheets and a translation of the non-technical summary from English to Inuktitut.

Yours truly,

D. Graham Gill, P. Geo
