Phyllis,

Attached is a revised Spill Plan for the above captioned water license. It incorporates the following additions that were requested as terms of the license but were not otherwise present in the original submission:

- Plan date and effective period
- GPS co-ords of camp elements
- MSDS sheets
- NWT Spill Report Form
- Scaled site plan
- Additional phone and fax contacts as specified

The entire crew was given spill training once everyone had been assembled at the camp. Individuals included: Ricky Breger, Carl Ozyer, Pascal, Tracey leNobel, Eileen Blackmore, Dayna Linley, Rick Cheeseman, Jeff Boyce, Jeff Catterall, Wayne Mitchell, Johnny Qilunig, Larry Kringanyark, John Siverantok, Roland Tungilik, Marcel St. Laurent, Lauren Anonby, Kim Miller. Training consisted of demonstrating use of spill kit equipment and containment in simulated passive and moving water situations, disposal of hazardous materials during cleanup and clarification of rolls and responsibilities.

Let me know if there are deficiencies in these amendments and I'll correct them accordingly.

Regards,

Jeremy Howe
