Hi Phyllis,

I've sent out a letter for comment concerning 2BE-PER; you will have that one shortly.

2BE-HEE and 3BL-BIL responses are forthcoming: I am preparing to relocate to Iqaluit next week, and I will do my best to get these files cleared asap (ie. out for internal comment this week).

Thank you for the reminder :)

Melissa

Subject: INAC Inspections

Sorry to be such a pest Melissa but is there any chance that our office will be provided with an inspection report for the following files that are awaiting either a new licence or cancellation?

2BE-HEE0712 – request to cancel, received on January 5, 2009 (you indicated to me that you were not able to locate this site when you did your inspections this past summer) Did you ever go back to the company to provide correct coordinates or is that something that needs to be done through our office? If you can provide me with an official letter indicating that you could not inspect the site, I will write them a letter advising that the file cannot be closed at this time.

2BE-PER0611 – request to cancel, received on January 5, 2009 (same as above)

3BL-BIL---- This is a new application for the Bathurst Inlet Lodge – you indicated to me that there were some issues with the methods of waste disposal at this site. Will you be providing our office with an inspection report so we can address this issue accordingly in our licence.

Our office looks forward to official word from INAC to proceed.

Regards,

Phyllis Beaulieu
