To: "Licensing Department (licensing@nwb-oen.ca)" <licensing@nwb-oen.ca>, Info at NIRB <info@nirb.ca>

Please find attached the applications for 2 water licences type B. These licences are requested to perform exploration works on new mineral claims located between 40km and 140km north-west of the Rankin Inlet community. An online application regarding these projects has been submitted on the NPC website for a conformity decision.

An application for a land use permit has been submitted to the KIA for the area on Inuit Owned Land and another land use permit application will be submitted to AANDC area located on crown land.
