

Non-Technical Summary

Parker Lake and Cone Hill Exploration Projects

Request for Renewal of Water Licence 2BE-PKR1621

Agnico Eagle Mines Limited holds mineral exploration properties on which exploration activities are authorized by various authorizations. The water licence 2BE-PKR1621 authorizes mineral exploration activities such as diamond drilling on the Parker Lake and the Cone Hills mineral properties. The present application is to obtain the renewal of the water licence 2BE-PKR1621. No modifications to the water licence are requested within this application, all existing terms and conditions will continue to be applied.

The Parker Lake mineral property is located on Inuit Owned Land between 120km and 160km North West of the Rankin Inlet community and between 100km and 135km South East of the Baker Lake community.

The Cone Hill mineral property is located on Crown Land between 158km and 174km North West of the Rankin Inlet community and between 85km and 105km East of the Baker Lake community.
