RE: NWB Technical Review of 2021, 2022, and 2023 Annual Reports for the Greyhound Project

(2BE-GRE2126) and the Parker Lake Project (2BE-PKR2126)

Dear David Frenette:

The Nunavut Water Board (NWB or Board) has completed the technical review of the 2021, 2022, and 2023 Annual Reports for the type B Water Licences 2BE-GRE2126 and 2BE-PKR2126 submitted by Agnico Eagle Mines Ltd. (Licensee).

On January 30, 2024, the NWB acknowledged receipt of the Annual Reports and provided them to the Kivalliq distribution list for information. No comments have been received to date.

The technical review of the Annual Reports found that the information generally addresses the requirements of the Licences. The NWB, however, requires the Licensee to provide an update on the noncompliance issue identified in 2022 by the Inspector¹ for 2BE-PKR2126. Please provide a brief summary of work done to address the non-compliance, in the respective 2024 Annual Report.

Should you have any questions, please feel free to contact the undersigned at (867) 360-6338 (extension 29) or at abid.jan@nwb-oen.ca.

Sincerely,

Abid Jan

Technical Advisor Nunavut Water Board
