Nunavut Water Board,

ECCC has reviewed the AEM Application renewal for Peter lake and Fox Lake projects and the Screening Decision Report **NIRB FILE No.: 15EN049 dated Jan. 18, 2016**. Given that the Agnico Eagle Mines Limited application for Water Licence renewal does not request any modifications within this application, and that all existing terms and conditions will continue to be applied. If AEM implements all conditions in the Screening decision document, it will address the departmental concerns. ECCC therefore, has no additional comments to provide the NWB.
