Additional Details:

Progressive Reclamation Work Undertaken

Additional Details (i.e., work completed and future works proposed)

Still undertaking exploration and our program for 2008 will be similar with the addition of a diamond drilling program.

Results of the Monitoring Program including:

The GPS Co-ordinates (in degrees, minutes and seconds of latitude and longitude) of each location where sources of water are utilized;

Details described below ▼

Additional Details:

Fresh water is taken from Qamanaarjuk Lake. The water is pumped up to a main storage tank in our dry, and distributed to the kitchen and shower facilities. This past summer the water was distributed using pails.

The GPS Co-ordinates (in degrees, minutes and seconds of latitude and longitude) of each location where wastes associated with the licence are deposited;

Details described below ▼

Additional Details:

kitchen sump is for kitchen related grey water due mostly to washing of dishes and cooking. Shower/Washing machine sump is for greywater from washing clothes and showering.

Results of any additional sampling and/or analysis that was requested by an Inspector

No additional sampling requested by an Inspector or the Board ▼

Additional Details: (date of request, analysis of results, data attached, etc)

Any other details on water use or waste disposal requested by the Board by November 1 of the year being reported.

No additional sampling requested by an Inspector or the Board ▼

Additional Details: (Attached or provided below)

Samples taken by the inspector (INAC) but no results have been forwarded to us.

Any responses or follow-up actions on inspection/compliance reports

Inspection Report received by the Licensee (Date): ▼

Additional Details: (Dates of Report, Follow-up by the Licensee)

Date: August 22/07 - A water meter will be purchased to monitor water levels at the pumping site, and a log book will be kept of water being taken in and stored in the storage tanks. An incinerator will be purchased for garbage disposal and secondary containment for fuel storage will be implemented.

Any additional comments or information for the Board to consider
