Dear Ms. Beaulieu:

Update for Cameco Corporation License No. 2BE-QAM1217

Cameco would like to take this opportunity to update your department with the exploration activities proposed for 2015 and 2016.

Our 2015 and 2016 program will consist of camp maintenance and upkeep. A fuel transfer is planned for spring 2015 to eliminate the majority of bulk fuel stored at the Aberdeen Lake Camp site. The Qamanaarjuk Lake camp and the Aberdeen Lake camp will remain under care and maintenance.

Update: Cameco plans to deconstruct all camp sites during the summer season 2015 (July-August). It is planned that all deconstructed camp materials will be hauled overland or flown out in winter (Jan-April 2016).

If you have any questions, please contact myself via email Jennifer_rysavy@cameco.com or phone (306) 956-6441.

Sincerely,
