RE: NWB Technical Review of 2017 Annual Report for the Naujaat Project; Water Licence No. 2BE-QIL1722

Dear Mr. MacMorran:

The Nunavut Water Board (NWB) has completed a technical review of the 2017 Annual Report submitted to the NWB on March 29, 2018. On April 20, 2018, the NWB acknowledged receipt of the Annual Report and provided it to the Kivalliq distribution list for information. No comments have been received to date.

The technical review of the Annual Report found that the information generally addresses the requirements of the Licence.

The NWB notes that the Licensee has not provided all the submissions previously required by the Licence:

- Part H, Item 1:

The Licensee shall submit with the 2017 Annual Report to the Board for review, **an addendum to the approved [Spill Contingency] Plan**

To date, the NWB has no record of receiving this information, which was due on March 31, 2018.

Should you have any questions, please feel free to contact me, Dave Baines, at (867) 360-6338 (extension 29), at your earliest convenience.

Sincerely,

Dave Baines
Nunavut Water Board,
Technical Advisor
