Hi Phyllis,

It was shortly after you received the amendment application from us in Feb – I think you had originally phoned me that day to make sure that we were amending the license rather than applying for a whole new one. At one point you mentioned that it might be a good idea to increase the daily amount from 60-80m³/day to 100 and I was in agreement – so can we please apply for **100m³/day** allowance.

Thanks,

Mike

I don't quite recall the conversation regarding this but we will be sending this to our Board very shortly so please advise how much water you wish to have identified on the licence, prior to sending for their review and approval.

Thank you.
