Hi Mike, I seem to recall us discussing this file at some point. However, there is now the outstanding amount that changed your credit to a debit. The amendment just issued allows for 100 m3/d authorized use, a change from the previous amount which was 0 authorized use. You have a credit of 326.60 so the amount owing is  $365.00 - 326.60 = 38.40$ .

Thank you Robin. Phyllis and I discussed this when the overpayment was made and we decided to put the credit towards payment of next year's annual fee.

Thanks,

Mike

Good Afternoon Mike,

Attached for your records is the amendment water licence application, also attached are comments received during the processing of the application.

I've also reviewed the water use fee's payments of the previous water licence and there has been over payment of water use fees however the email was sent to the wrong person. On that note the over payment is being credited to the amended licence, which brings us to an outstanding amount of \$38.40.

If you have any question please contact our office at the undersigned.

Regards,

Robin
