NWB Annual Report

Year being reported:

2014

License No: 2BE-QIL1217

Issued Date: November 28, 2012

Expiry Date: November 30, 2017

Project Name:

The Qilalugaq Project

Licensee:

Stornoway Diamond Corp

Mailing Address:

Unit 118-960 West 1st Street

North Vancouver, BC

V7P 3N4

Name of Company filing Annual Report (if different from Name of Licensee please clarify relationship between the two entities, if applicable):

North Arrow Minerals Inc. and Stornoway Diamond Corp. have an option agreement in place whereby North Arrow Minerals is the operator of the Qilalugaq Project.

General Background Information on the Project (*optional):

In July and August of 2014 a bulk sampling program was carried out by North Arrow Minerals Inc. at the Qilalugaq Project, which is located near Repulse Bay, NU. Approximately 1500 tonnes of material was extracted by trenching method from the Q1-4 kimberlite complex. Material was obtained using a small, helicopter portable mini-excavator. Sample bags were filled at the site and slung by helicopter back to an area in the Hamlet and shipped south via barge for processing. Due to the proximity of the project area to the Hamlet of Repulse Bay, camp facilities were not required, and crews were accommodated at housing facilities within the Hamlet. Fuel for the program was also stored within the Hamlet. No water was used by the Licensee during the bulk sample collection. All combustible and non-combustible waste (food, food containers, paper, wood, used excavator oil) and equipment was removed from the land use area at the end of the program via helicopter as per the Abandonement and Restoration plan for the Project. Upon completion of the program, the sample site was remediated and re-contoured, with no rock or soil stockpiles remaining at the site.

Licence Requirements: the licensee must provide the following information in accodance with

Part B Item 2

A summary report of water use and waste disposal activities, including, but not limited to: methods of obtaining water; sewage and greywater management; drill waste management; solid and hazardous waste management.

Nunavut Water Board

Standard Form for Annual Reporting Requirements of NWB2 Exploration Water Licenses

Under the terms of your water licence issued by the Nunavut Water Board ("NWB") for the use of water and the disposal of waste into water associated with mineral exploration (NWB2 Licenses), Licensees are required to submit to the NWB an Annual Report no later than March 31st of the year following the calendar year being reported.

In order to aid the Licensee with the preparation of the Annual Report and facilitate its review by the NWB, Licensees are **required** to use the following form.

Recommendation and Helpful tips for use:

Metric units shall be used to report any relevant data.

How to Add additional space within Text boxes - Right click mouse on the row number (directly to the left of your screen) which falls within the text box range and click insert. Do not drag or drop text box to modify size of the text box because formatting will not be maintained and data will be lost. If you have large amounts of data recommend adding additional worksheets. Go to the help menu for assistance.

Electronic versions should be submitted in Adobe to ensure protection of your information. If you do not have shortcut keys to save as a PDF. Go to print menu . Choose to print "Entire Worksheet" then select printer option Adobe PDF and you will be prompted to save the document as a PDF document. Reminder ensure you have saved your document in Excel so that future changes can be made.

Modify the Header - Select "View" then "Header" from the main menu. Select "Custom Header" and change to reflect the valid Water Licence No.

Textboxes denoted with * are optional.

Annual Reports shall be submitted by either fax, mail or email in adobe acrobat or Excel format to:

Nunavut Water Board c/o Manager of Licensing P.O. Box 119 Gjoa Haven, NU X0B 1J0 Tel: 867-360-6338
