Sean,

It was good to speak with you again – thanks for following up with us re the issues related to the NWB license application. As per our discussion, please be advised of the following:

- The total water requested in the application does not add up to the 280m<sup>3</sup>, as is noted in the summary. The application should have been for 280m<sup>3</sup>, and we would appreciate if the license reflects this amount.
- The current license has Roche Bay plc as a co-licencee, and this should remain the case given their continued involvement in the project. Their contact information is below:

**Roche Bay PLC**  
Suite 3G, Eurolife Building,  
1 Corral Road  
Gibraltar  
Contact Name: Benjamin Cox

Best regards  
Gary
