Subject: Roche Bay plc – Roche Bay Project – New Type “B” Application

Dear Ms. Levine:

The Nunavut Water Board (NWB) acknowledges receipt of your application for a new water license on July 26, 2005 for water use and waste disposal associated with exploratory drilling and camp operations for the Roche Bay Project, in the Kivalliq region.

We undertook a preliminary review of your application and conclude that it is administratively incomplete. Specifically, we are asking you to provide the following:

- January 2004 Application form (copy attached)
- project summary in Inuktitut
- Application and water use fees (total \$60.00 in cheque form, made payable to “Receiver General for Canada” or by Visa; provide information)

Once your application has undergone a preliminary technical review there may be other requirements for technical documents. You will be notified if that is the case. We will resume the processing of your application once we receive the requested information.

Sincerely,

***Original signed by:***
